(Cal. *Health & Saf. Code* §§ 25249.6 *et seq.*)

#### **INTRODUCTION**

- 1. This Complaint is a representative action brought by Plaintiff in the public interest of the citizens of the State of California. Plaintiff seeks to enforce the People's right to be informed of the presence of acrylamide ("Listed Chemical") found in Bauducco® Wafer-Vanillas ("Product") that are manufactured, imported, sold, or distributed for sale in California by Defendants.
- 2. Pursuant to California's Safe Drinking Water and Toxic Enforcement Act of 1986, California Health & Safety Code sections 25249.6, et seq. ("Proposition 65"): "[n]o person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual . . . ." (Cal. Health & Saf. Code § 25249.6.)
- 3. On January 1, 1990, California identified and listed acrylamide as a chemical known to cause cancer. In February 2011, California listed acrylamide as a chemical known to cause developmental/reproductive toxicity.
- 4. Defendants BAUDUCCO FOODS, INC., and TARGET CORPORATION manufactured, imported, sold, or distributed the Product, which contains prohibited levels of acrylamide, in California.
- 5. Defendants failed to sufficiently warn consumers and individuals in California about potential exposure to acrylamide in connection with Defendants' manufacture, import, sale, or distribution of the Product. This is a violation of Proposition 65.
- 6. Pursuant to Proposition 65 and related regulations (Cal. *Health & Saf. Code* § 25249.7(a)), Plaintiff seeks injunctive relief compelling Defendants to sufficiently warn consumers in California before exposing them to acrylamide in Product or other products containing acrylamide. Plaintiff also seeks civil penalties against Defendants for their violations of Proposition 65. (Cal. *Health & Saf. Code* § 25249.7(b).)
